## ***FOR IMMEDIATE RELEASE***

### **Rotorcraft Services Group, Inc: A New Name with the Same History of Excellent Service**

**FORT WORTH, Texas** – The newly renamed Rotorcraft Services Group, Inc. (formerly Ranger Rotorcraft Group, Inc.) continues its long time operations at Meacham Field in Fort Worth. Rotorcraft Services Group remains a market leader in helicopter technical services providing for civilian helicopter completions and MRO, military helicopter retrofits, engineering services, parts sales, helicopter and manufacture of air conditioning kits and other subsystems under its current FAA PMA authority.

**Edward Bolden**, President, stated, “Our name change reflects the on-going evolution and transition of our formerly family held enterprises into a single cohesive, integrated helicopter technical services unit. I fully expect that this change in name will provide the enhanced identity of Rotorcraft Services Group as the helicopter technical center of choice for our world-wide customer base.”

The current holdings of Rotorcraft Services Group include:

- Texas Aviation Services, Inc. – A large depot-sized helicopter service center that specializes in completions, avionics, interiors, paint, MRO, re-wiring, and mission retrofits for civilian and military helicopters.
- Integrated Flight Systems, Inc. – A FAA PMA manufacturing facility that specializes in helicopter air conditioners and video systems, and is adding new STC's for other helicopter specialty products.
- Ranger AeroDesign – An development unit that provides aeronautical design and analyses services to Ranger's subsidiaries and to outside clients, with a goal of eventually qualifying as an "ODA" licensee with the FAA
- Platinum Aviation Group, Inc. – The holder of numerous STC's and in which special projects can be accomplished including its recent teaming with Pegasus Helicopters PLC, for prototyping and manufacturing pressure-jet helicopter kits.

**Rotorcraft Services Group, Inc.** presently has all of its operations at Meacham Field in Fort Worth, Texas. The mission of the Company is to create the largest and best independent rotorcraft technical services company in the South. With 174,000 square feet of hangars and shops, the Company commands a strong position in the helicopter services industry and its aftermarket support sectors. The Meacham Airport operations are one of the largest of their type in the mid-South, with the capacity for scores of helicopter projects per year.
